

Workshop Part II: introduction

Haruko Okusu, SC Secretariat
Victoria Henson-Apollonio, CAS-IP

ADE-PSC Dialogue

13 November 2009

Overall workshop objectives

- Common understanding and a favorable practice for cooperating in R&D-based PPP
- Additional opportunities for PPPs between CGIAR and Private Sector

Workshop Part II:

- Product stewardship, liability, IPRs associated with the use & distribution of research products
- General guiding principles to facilitate PPP

Science Council's role

- Promoting quality and relevance of science in the CGIAR
 - Cutting-edge science
 - Maintaining IPG nature
 - Scientific research in a responsible manner with partners (NARS & Private sector)
- Promoting 'inclusivity'
 - GRPC, CAS-IP
 - Partnerships with the private sector, ARIs, etc.
 - Further partnership potentials

2006

“IPR in the context of IPG” (SC/GRPC)

“Guidelines to credible product stewardship regimes ..., issues regarding liability ... to ensure clearer understanding at CGIAR & NARS level.”

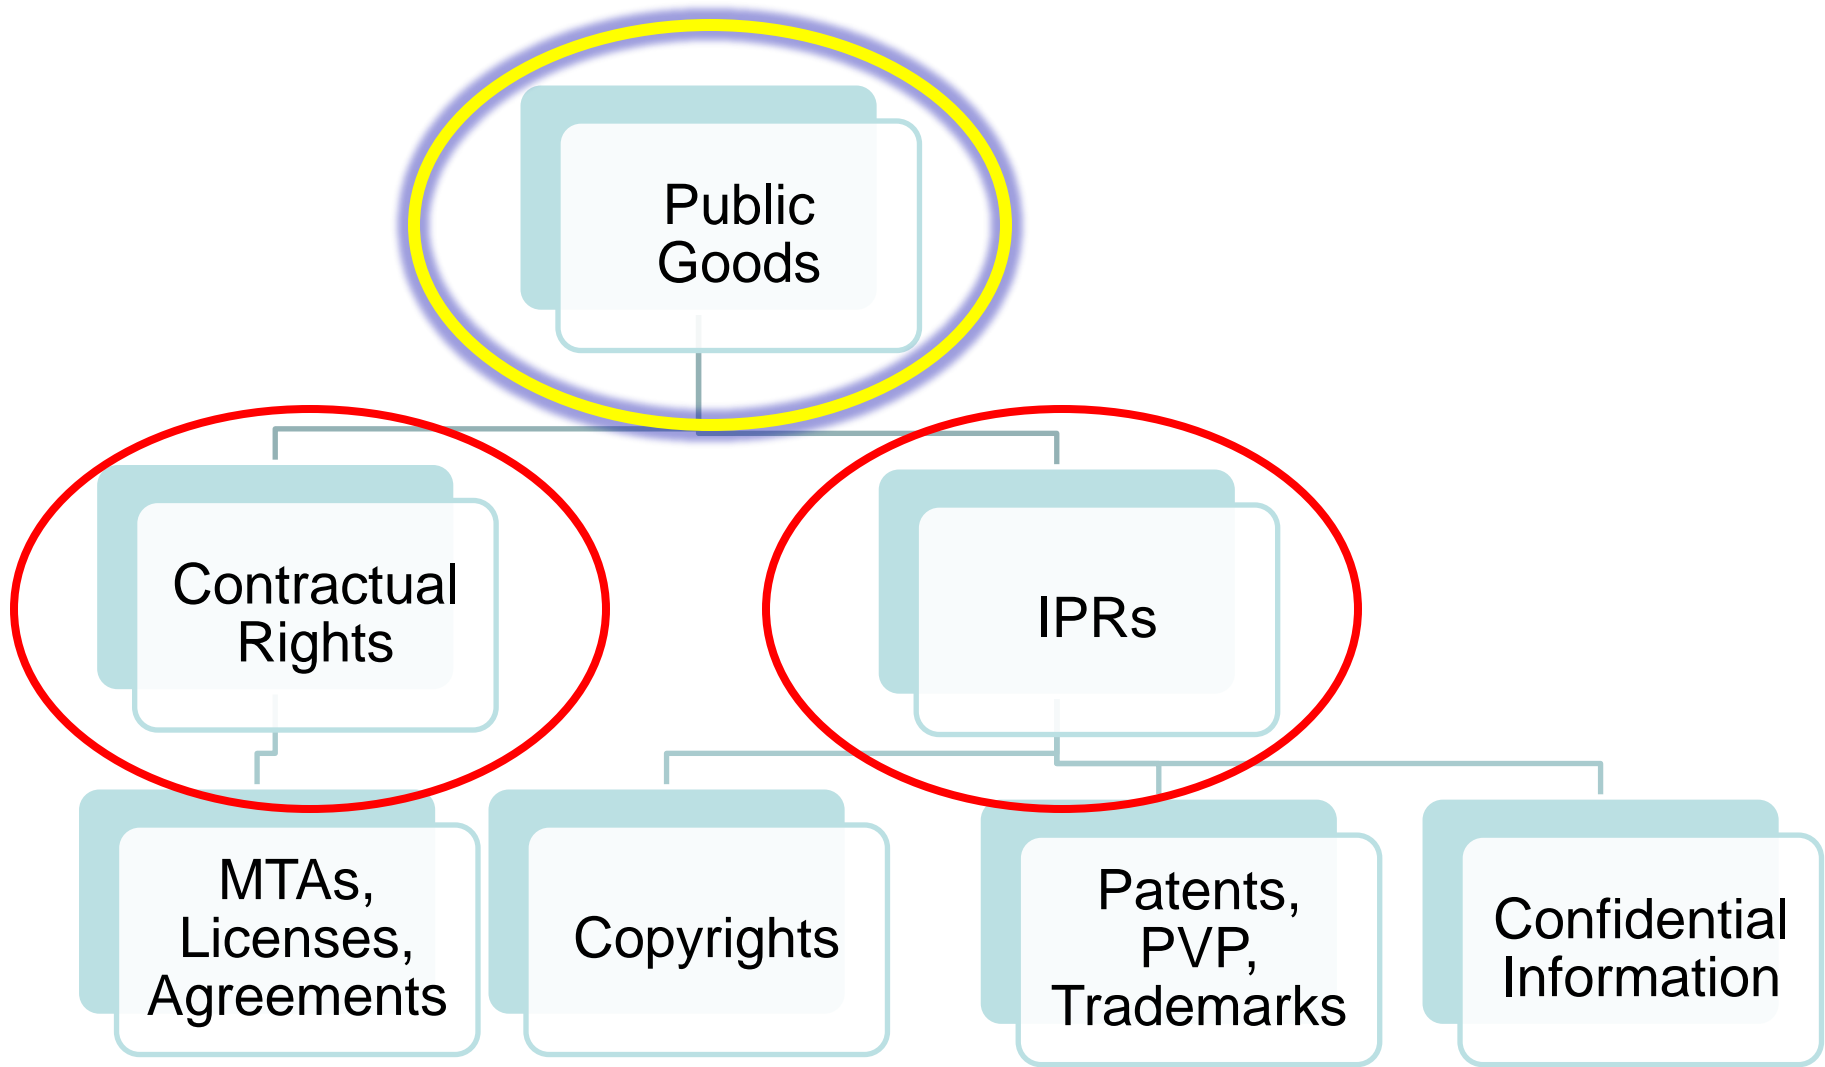

2008 (SC/CAS-IP)

“Liability of CGIAR
Centers & NARS
partners under IP and
biosafety laws arising
from the supply of
biological resources”

“A Recommended
Stewardship
Framework for the
CGIAR”
